

Peace Of Mind Pacific County

Hope Letter #3

Bear Hunt

Ocean Beach School District participated in a nationwide movement to encourage students to safely get out in the community on a bear hunt. Background for the bears in the windows includes the 1989 book "We're Going on a Bear Hunt" by Michael Rosen and Helen Oxenbury, and the 2017 children's song by the same name. Here are some photos from around the community. Many bears are still in windows; have you seen them?

What is hope for you?

Hope Hero of the Week

Loretta Fink is a professional seamstress who has found fulfillment in using her creative sewing skills to bring hope and a whimsical joy to our community.

Over thirty years of living in Ocean Park, Loretta has quietly made her contributions toward improving our quality of life. She is the creator of the garlic bulb costumes and garlic hats worn each year at the Garlic Festival; she made the "Greeter Doll" and aprons for The Ark Restaurant and is a founding member of the Quilting Club. At 88 years old, she found herself confined by her son as a precaution to "house arrest" but no one can stop her joyful spirit. So along with an estimated 35 other members of the Quilting Club she is making hundreds of bright colorful masks to protect the community. Though it hides my smile each time I don one of her masks, I think of the joyful creator spreading the spirit of hope.

—submitted by Candy Rutledge.

Update: In a previous edition the picture of our Hero of Hope was erroneously labeled. The photo is of Loretta Fink. Mrs. Fink also wanted our readers to know that at least thirty - five other women in the community in addition to the Quilting Club members have combined their energy to produce over 2000 masks. Truly a heroic feat in support of our community. (The writer apologizes for errors and omissions in this story. Candy Rutledge)

Our coffee hour participants get wonderful support from their pets. Here are a few:
